

Step 1: In any browser go to: <http://www.3dscandata.com>

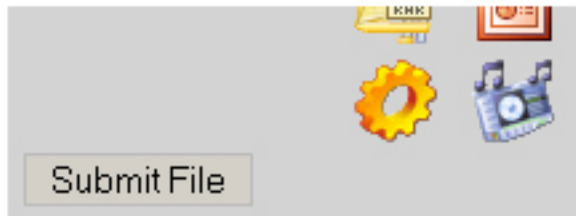

Step 2: Once there login to the site using your username and password. If you have lost your password please click the Lost Password link. Our admin can also reset your account name or password by using the Contact Us button on the upper menu bar.

Step 3: Once you have successfully logged in you will be able to view the User Menu as well as other available links for registered users only. To upload a file click 'Upload Files'. Then click browse to locate the file.

Step 4: Once you have located your file in the File Browser pop-up box; click OK. Your file will then be pre-loaded to the form. Fill in any necessary information for your file and then click the 'Submit' button towards the bottom of the page.

*Now you will need to let your file upload. DO NOT CLOSE the window. You may minimize it. But DO NOT CLOSE THE WINDOW OR YOUR FILE WILL NOT UPLOAD.

Step 5: Once your file had finished you will see the following window post to your browser.

[Main Repository Page](#) ▶ [April 2010](#)

All Done!

Your file was automatically approved and published.

[Submit another file now?](#)

[View the file just submitted?](#)

Step 6: You can view the file you just uploaded using the 'View the file just submitted' locate your files using the User Menu by using the 'File Directory' link as well which will open a new window to the entire directory of files located within each folder on the 3dscandata.com structure.
